ABOUT ICF COACH TRAINING

The ICF Coach Training is an intensive, well-thought-out learning programme that sets the ideal foundation for building your coaching career, be it your professional coaching practice or coaching at the workplace. The Professional Coach Certification (ICF-PCC) program is the second milestone in your journey from Becoming to Being a transformational coach.

The curriculum stands to deliver at the confluence of Science, Art, and Practice of Coaching. Bringing together the best of the elements from research-backed psychology and the eastern philosophies, we aim to provide a wholesome learning environment for the coaches.
