# Executive and Leadership Coaching

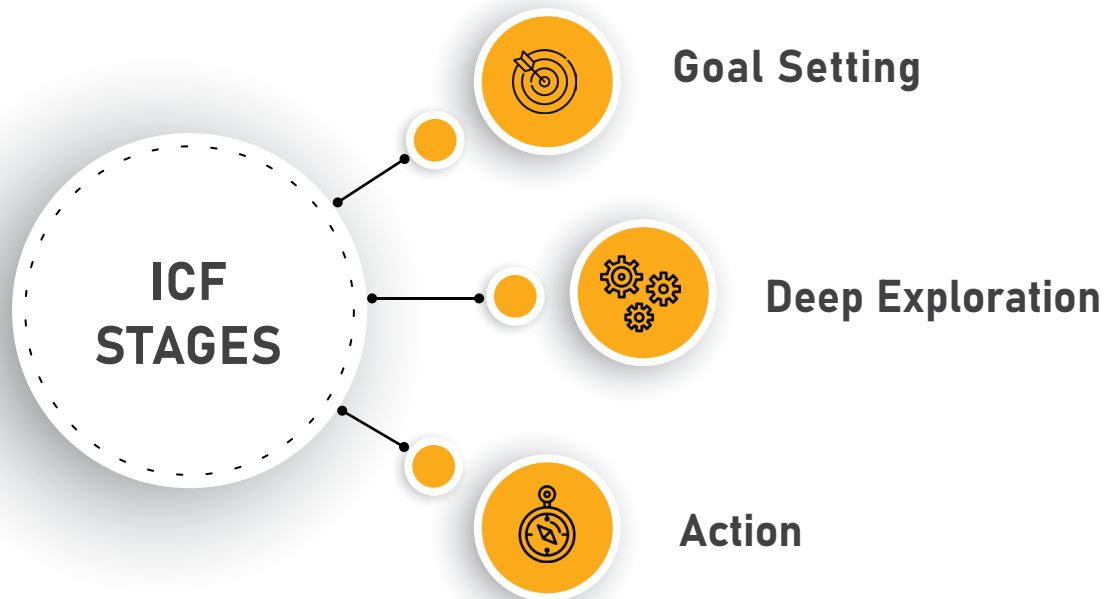

**REGAL UNLIMITED®**  
Rol Of Enchantment

The coach partners with C-Suite Leaders through the ICF framework to maximise their potential in a time-bound manner. If potential is maximised, performance and productivity are natural outcomes. The coach enables the c-suite leaders to shift at the "roots" instead of the "branches".

Executive coaching is a life-transforming experience that can catapult executives lightyears ahead of their time, both professionally and personally.

The stages of the coaching conversation include:

## **What is ICF Team Coaching?**

While Executive and Leadership coaching focuses on individuals, Team Coaching unleashes the potential of the team as a whole. Are the teams in your organisation under-performing and not operating at their full potential? You need team coaching.

All you need is a power tool like Team Coaching to transform your good employees into exceptional ones, thus creating a sustainable environment that cultivates long-term excellence & organisational success.

Coaching the team shifts individual consciousness resulting in collective brilliance.

# Leader As Coach

**REGAL UNLIMITED®**  
RoI Of Enchantment

Our Leader As Coach program is a carefully curated, unique leadership training module structured keeping in mind the needs of current and future corporate leaders. The Leader As Coach program is a vibrant partnership between the coach and the leader.

Transformation happens when leaders take ownership of learning and put coaching concepts into practice in between and after sessions.

## Who is Leader As Coach Program for?

- C-Suite Leaders
- Corporate Leaders across all Functions and Levels
- HR, Team and Project Leaders
- Middle level managers stepping into senior roles
